

Pan-London Cancer Research Fellowship 2023/24

How to apply:

- Identify the project that you would like to undertake.
- You must contact the supervisor of the project only by email and not by phone.
- Send your CV (template attached) and a brief covering letter to the supervisor.
- You should contact the supervisor as soon as possible to allow time for your application to be considered.
- If you are selected to make an application, the supervisor will contact you to confirm the next stage of the application process. You will be asked to complete the 'Joint Pan-London Research Training Fellowship' application form, which will be completed jointly with the supervisor. The deadline for full applications is **18 December 2023**.
- Shortlisted applicants will be asked to attend a virtual panel interview, provisionally planned for week commencing **29 January 2024**.

Following an initial call to potential supervisors, 44 projects have been selected. We will be looking to **fund up to four research fellows for 2023/24.**

The full list of projects and contact details is outlined below.

<u>Project Title</u>	<u>Host Trust Organisation</u>	<u>Primary Supervisor Name</u>	<u>Suitable interested fellow</u>	<u>Primary Supervisor Email Address</u>
Understanding the cost to the NHS and to teenagers and young adults of prolonged routes to diagnosis	University College London	Dr Rachel Taylor	<ul style="list-style-type: none"> • Clinical Trainee • Nursing Professional • Allied Health Professional • Clinical Research Practitioner 	rtaylor13@nhs.net
Improving participation of Teenagers and Young Adults with cancer in clinical trials	University College London Hospitals NHS Foundation Trust	Dr Lorna Fern	<ul style="list-style-type: none"> • Clinical Trainee • Nursing Professional • Allied Health Professional • Clinical Research Practitioner 	Lorna.fern@nhs.net
Investigation of inequalities within North Central and North East London Head and Neck Cancer Service	University College London Hospitals NHS Foundation Trust/ University College London Head and Neck Academic Centre	Ms Clare Schilling	<ul style="list-style-type: none"> • Clinical Trainee • Nursing Professional • Allied Health Professional • Public Health Researcher • Clinical Research Practitioner 	clare.schilling@nhs.net
Development of an intervention to improve quality of life in young people with prolonged times to cancer diagnosis	University College London Hospitals NHS Foundation Trust	Dr Lorna Fern	<ul style="list-style-type: none"> • Clinical Trainee • Nursing Professional • Allied Health Professional • Clinical Research Practitioner 	Lorna.fern@nhs.net
What are the supportive care needs of people across London living with lung cancer who are never smokers?	University College London Hospitals NHS Foundation Trust	Dr Alison Finch	<ul style="list-style-type: none"> • Nursing Professional 	alison.finch1@nhs.net

Rapid Diagnostic Centres - Symptom and Biomarker based triage	University College London (in collaboration with The Royal Marsden Early Diagnosis and Detection Centre and London RDCs)	Dr Andrew Millar	<ul style="list-style-type: none"> • Clinical Trainee • Nursing Professional • Allied Health Professional • Clinical Research Practitioner 	andrewmillar@nhs.net
Incorporating quantitative imaging biomarkers to reduce bone destruction at progression in patients with smouldering myeloma	University College London Hospitals NHS Foundation Trust	Timothy Bray	<ul style="list-style-type: none"> • Clinical Trainee 	t.bray@ucl.ac.uk
Improving Inequalities in Access to Novel Treatments and Healthcare in Multiple Myeloma	University College London Hospitals NHS Foundation Trust	Dr Rakash Popat	<ul style="list-style-type: none"> • Clinical Trainee • Nursing Professional • Allied Health Professional • Pharmacist • Clinical Research Practitioner 	rakesh.popat@ucl.ac.uk
Evaluation of soft tissue sarcoma Local Diagnostic Services within London	Royal National Orthopaedic Hospital	Mr Craig Gerrand	<ul style="list-style-type: none"> • Clinical Trainee • Nursing Professional • Allied Health Professional • Clinical Research Practitioner 	craig.gerrand@nhs.net
Developing a Patient Reported Outcome Measure specifically for patients undergoing radiotherapy and/or proton beam therapy	University College London Hospitals NHS Foundation Trust	Rita Simoes	<ul style="list-style-type: none"> • Clinical Trainee • Nursing Professional • Allied Health Professional • Clinical Research Practitioner 	rita.simoes@nhs.net
Development of a self-management intervention for voice prosthesis users following laryngectomy and surgical voice restoration	City, University of London	Professor Katerina Hilari	<ul style="list-style-type: none"> • Allied Health Professional • Clinical Research Practitioner 	k.hilari@city.ac.uk
A prospective cohort study of the role of Magnifying Endoscopy with Vascular Assessment in the diagnosis of Precursors Lesions of Anal Cancer (MEVADA study)	King's College Hospital NHS Foundation Trust	Amyn Haji	<ul style="list-style-type: none"> • Clinical Trainee 	amynhaji@nhs.net
Personalised bowel care in survivors of colorectal cancer: optimisation of bowel function following phenotypic characterisation	King's College Hospital NHS Foundation Trust	Marc A Gladman	<ul style="list-style-type: none"> • Clinical Trainee • Nursing Professional • Allied Health Professional 	marc.gladman@nhs.net

			<ul style="list-style-type: none"> • Clinical Research Practitioner 	
Evaluating the efficacy of the Compassionate Communication in Cancer Care e-learning and scenario-based role play training programme.	Guys and St Thomas' NHS Foundation Trust	Dr Liz Dunn	<ul style="list-style-type: none"> • Nursing Professional • Allied Health Professional • Clinical Research Practitioner 	elizabeth.dunn@gstt.nhs.uk
Risks and benefits of autosuggesting myeloma screens in those with high globulins	King's College Hospital NHS Trust	Dr Stella Bowcock	<ul style="list-style-type: none"> • Clinical Trainee • Nursing Professional • Allied Health Professional • Clinical Research Practitioner 	Stella.bowcock@nhs.net
Optimising Oesophagogastric Cancer Surgery Care: Identifying Structural Factors Associated with Improved Outcomes	Guy's and St Thomas' NHS Foundation Trust	Mr James Gossage	<ul style="list-style-type: none"> • Clinical Trainee 	James.gossage@gstt.nhs.uk
Addressing health inequalities through the delivery of personalised care for pregnant women with cancer (in London)	Guy's and St Thomas' NHS Foundation Trust	Prof Mieke Van Hemelrijck	<ul style="list-style-type: none"> • Clinical Trainee • Nursing Professional • Allied Health Professional • Clinical Research Practitioner • Clinical Research Staff 	Mieke.vanhemelrijck@kcl.ac.uk
To improve the quality of life for patients with gastroenteropancreatic neuroendocrine tumours with dietetic interventions	King's College Hospital NHS Trust	Dr. Dominique Clement	<ul style="list-style-type: none"> • Nursing Professional • Allied Health Professional • Clinical Research Practitioner • Dietician 	Dominique.clement@nhs.net
Implementation and optimisation of an outpatient nasogastric tube (NGT) pathway for head and neck cancer patients undergoing radiotherapy at Guy's Hospital	Guy's and St Thomas' NHS Foundation Trust	Miguel Reis Ferreira	<ul style="list-style-type: none"> • Allied Health Professional • Clinical Research Practitioner 	Miguel.ReisFerreira@gstt.nhs.uk
RESTORE (REsolution of SympToms after Qesophago-gastric Resection)	Guy's and St Thomas' NHS Foundation Trust King's College London	Andrew Davies	<ul style="list-style-type: none"> • Clinical Trainee • Nursing Professional • Allied Health Professional • Clinical Research Practitioner 	Andrew.davies1@gstt.nhs.uk

Deep Learning Radiomics for Lung Cancer Recurrence: Constructing a CT-based Radiomics Model Using Deep Learning Algorithm to Predict Early-Stage & Locally Advanced NSCLC (IB-IIIC) Recurrence Following Radical Treatment	Guy's and St Thomas' NHS Foundation Trust	Dr Eleni Karapanagiotou	<ul style="list-style-type: none"> • Clinical Trainee • Nursing Professional • Allied Health Professional • Clinical Research Practitioner 	eleni.karapanagiotou@gstt.nhs.uk
Impact of remote consultations on timeliness of cancer care	Imperial College Healthcare NHS Trust	Ana Luisa Neves	<ul style="list-style-type: none"> • Clinical Trainee • Nursing Professional • Allied Health Professional • Clinical Research Practitioner • Health Scientists • Analysts 	ana.luisa.neves14@imperial.ac.uk
Perioperative immunotherapy in resectable dMMR oesophago-gastric cancer; chemotherapy-free personalised treatment for older patients – The ZODIAC trial	The Royal Marsden Hospital NHS Trust	Dr Naureen Starling	<ul style="list-style-type: none"> • Clinical Trainee 	Georginaanne.keogh@rmh.nhs.uk
Developing, implementing and evaluating an intervention for cancer related cognitive impairment.	The Royal Marsden Hospital NHS Trust	Dr. Sarah Stapleton	<ul style="list-style-type: none"> • Nursing Professional • Allied Health Professional • Clinical Research Practitioner 	Sarah.stapleton@rmh.nhs.uk
Developing a machine learning algorithm for the classification of mature B-cell Leukaemias	The Royal Marsden Hospital NHS Trust	Dr Sunil Iyengar	<ul style="list-style-type: none"> • Clinical Trainee • Allied Health Professional • Clinical Research Practitioner 	sunil.iyengar@rmh.nhs.uk
ADOPT: Access to Drug therapy with Olaparib for Prostate cancer patients	The Royal Marsden Hospital NHS Trust	Dr Alison Reid	<ul style="list-style-type: none"> • Clinical Trainee • Nursing Professional • Allied Health Professional • Clinical Research Practitioner • Physician Associate 	Alison.reid@rmh.nhs.uk
Hyperglycaemia during SACT – how much of a problem and can it be detected?	The Royal Marsden Hospital NHS Trust	Dr Elaine Tomlins	<ul style="list-style-type: none"> • Clinical Trainee • Nursing Professional • Allied Health Professional • Clinical Research Practitioner 	Elaine.Tomlins@rmh.nhs.uk

Immunotherapy-induced colitis and the risk of secondary bowel cancer	The Royal Marsden NHS Foundation Trust	Prof Susanne Cruickshank	<ul style="list-style-type: none"> • Clinical Trainee • Nursing Professional • Allied Health Professional • Clinical Research Practitioner 	Ann.muls@rmh.nhs.uk
Reducing Fear of Cancer Recurrence in overlooked young Cancer Survivors (CARING)	The Royal Marsden Hospital NHS Foundation Trust	Professor Susanne RDCruickshank	<ul style="list-style-type: none"> • Clinical Trainee • Nursing Professional • Allied Health Professional • Clinical Research Practitioner 	Aislinn.macklin-doherty@rmh.nhs.uk
Ensuring sustainable colposcopy services and earlier diagnosis of cervical cancer: understanding and accommodating changing demand and capacity resulting from HPV vaccination and an evolving screening programme	Imperial College Healthcare NHS Trust	Deirdre Lyons	<ul style="list-style-type: none"> • Clinical Trainee • Nursing Professional • Allied Health Professional • Clinical Research Practitioner 	Deirdre.lyons2@nhs.net
Investigating an Optimal model of follow up care for adult HodgKin Lymphoma CancEr Survivors (INVOKE)	The Royal Marsden Hospital NHS Foundation Trust	Dr Aislinn Macklin-Doherty	<ul style="list-style-type: none"> • Clinical Trainee • Nursing Professional • Allied Health Professional • Clinical Research Practitioner 	Aislinn.macklin-doherty@rmh.nhs.uk
Late Cardiac Toxicity following immunotherapy	The Royal Marsden Hospital NHS Foundation Trust	Dr Kate Young	<ul style="list-style-type: none"> • Clinical Trainee • Nursing Professional 	Kate.young@rmh.nhs.uk
Validation of Lung Nodule Radiomics/AI and Immunophenotyping in the prospective NIMBLE (Nodule IMmunophenotyping Biomarker for Lung Cancer Early Diagnosis) Study	The Royal Marsden NHS Foundation Trust Royal Brompton & Harefield NHS Foundation Trust Imperial College London UCL Cancer Institute University College London Hospitals NHS Foundation Trust Guy's and St Thomas's NHS Foundation Trust	Dr Richard Lee	<ul style="list-style-type: none"> • Clinical Trainee • Allied Health Professional • Clinical Research Practitioner 	Richard.Lee@rmh.nhs.uk
Improving the Concordance between Imaging and Pathology	Imperial College London	Professor Gina Brown	<ul style="list-style-type: none"> • Clinical Trainee 	gina.brown@imperial.ac.uk

Diagnosis of Tumour Deposits - The COMET trial.				
Chemotherapy induced cognitive impairment – the Chemobrain study	Imperial College Healthcare NHS Trust London	Dr Laura Kenny	<ul style="list-style-type: none"> • Clinical Trainee • Psychologist 	laura.kenny6@nhs.net
Use of ultrasound to assess, monitor and plan rehabilitation for altered muscle structure in key speech and swallowing tissues following radiotherapy.	Imperial College Healthcare NHS Trust	Dr Gemma Clunie	<ul style="list-style-type: none"> • Clinical Trainee • Nursing Professional • Allied Health Professional • Clinical Research Practitioner 	Gemmaclunie@nhs.net
Chemotherapy toxicity prediction in Older adults with cancer (COROLLA): validation of the Cancer and Aging Research Group tool in a UK patient population	The Royal Marsden NHS Foundation Trust	Alistair Ring	<ul style="list-style-type: none"> • Clinical Trainee • Nursing Professional • Allied Health Professional • Clinical Research Practitioner 	Alistair.ring.@rmh.nhs.uk
Education for Cancer Related Anaemia (ECRA): An Implementation Programme for early diagnosis, management and personalised care in optimising Iron Deficiency Anaemia	The Royal Marsden NHS Foundation Trust	Dr Ravi Raobaikady	<ul style="list-style-type: none"> • Clinical Trainee 	Sandaruwani.abeyisiri@rmh.nhs.uk
Female-Cancer Anaemia Screening Program: A Screening Programme for Iron Deficiency Anaemia for all women with Gynaecological Cancer	The Royal Marsden NHS Foundation Trust	Dr Ravi Raobaikady	<ul style="list-style-type: none"> • Clinical Trainee 	Sandaruwani.abeyisiri@rmh.nhs.uk
Immunotherapy for Older Adults with Cancer (INTERLACE): value of geriatric assessments and driven interventions to personalise management and predict toxicity	The Royal Marsden NHS Foundation Trust	Nicolò Matteo Luca Battisti	<ul style="list-style-type: none"> • Clinical Trainee • Nursing Professional 	nicolo.battisti@rmh.nhs.uk
The Iron-VAN Project: An Implementation Programme for Improved Access to Iron	The Royal Marsden NHS Foundation Trust	Dr Jaishel Patel	<ul style="list-style-type: none"> • Clinical Trainee 	Sandaruwani.abeyisiri@rmh.nhs.uk

therapy for Cancer Related Anaemia				
Validation of a protocol for videofluoroscopic swallow evaluation for people with laryngectomy.	Imperial College Healthcare NHS Trust	Dr Margaret Coffey	<ul style="list-style-type: none"> • Clinical Trainee • Nursing Professional • Allied Health Professional • Clinical Research Practitioner 	Margaret.coffey10@imperial.ac.uk
Investigation of long-term quality of life and survivorship in upper gastrointestinal cancers	The Royal Marsden NHS Foundation Trust	Mr Sacheen Kumar	<ul style="list-style-type: none"> • Clinical Trainee 	sacheen.kumar@rmh.nhs.uk
The development of a Patient Concerns Inventory for people diagnosed with recurrent head and neck cancer (PCI-HN-R)	The Royal Marsden NHS Foundation Trust	Professor Justin Roe	<ul style="list-style-type: none"> • Clinical Trainee • Nursing Professional • Allied Health Professional • Clinical Research Practitioner 	justin.roe@rmh.nhs.uk
